

Practice Management Software Template for Genie

TML Pathology now provides access to the Genomic Diagnostics' Generation NIPT request form within Genie, enabling your patient and provider information to be transferred electronically to the request form.

How to request Generation NIPT through Genie

The template will need to be downloaded once before entering into the patient's file.

Step 1

Download the template via Special > Software Updates > Forms > Request > NIPT Generation > TML Pathology.

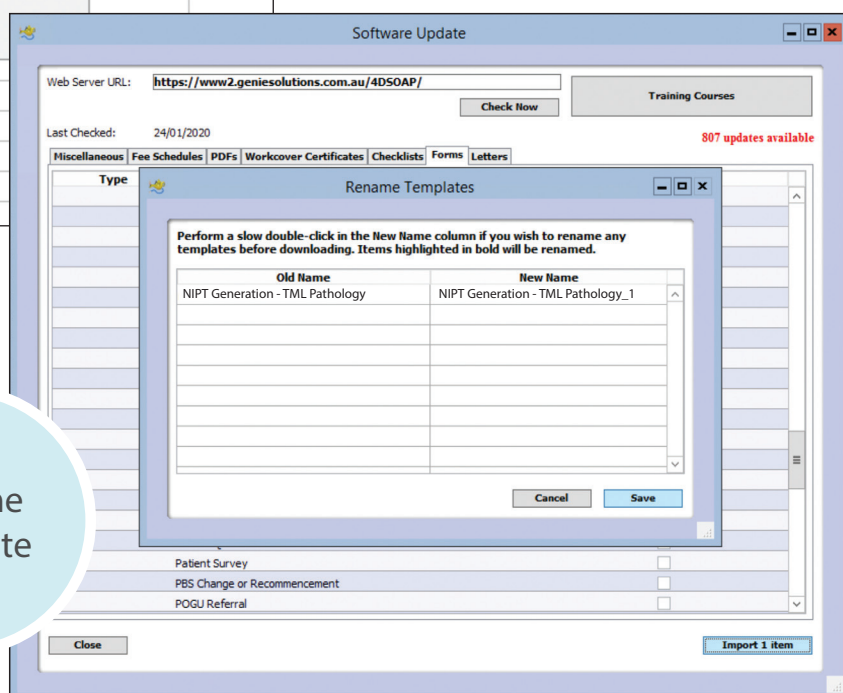

Step 1

Download Template
Special > Software Updates

After importing, the template can be renamed to suit your preferences.

Rename Template

Step 2

To use, click on the Merged Letter Icon in the patient file.

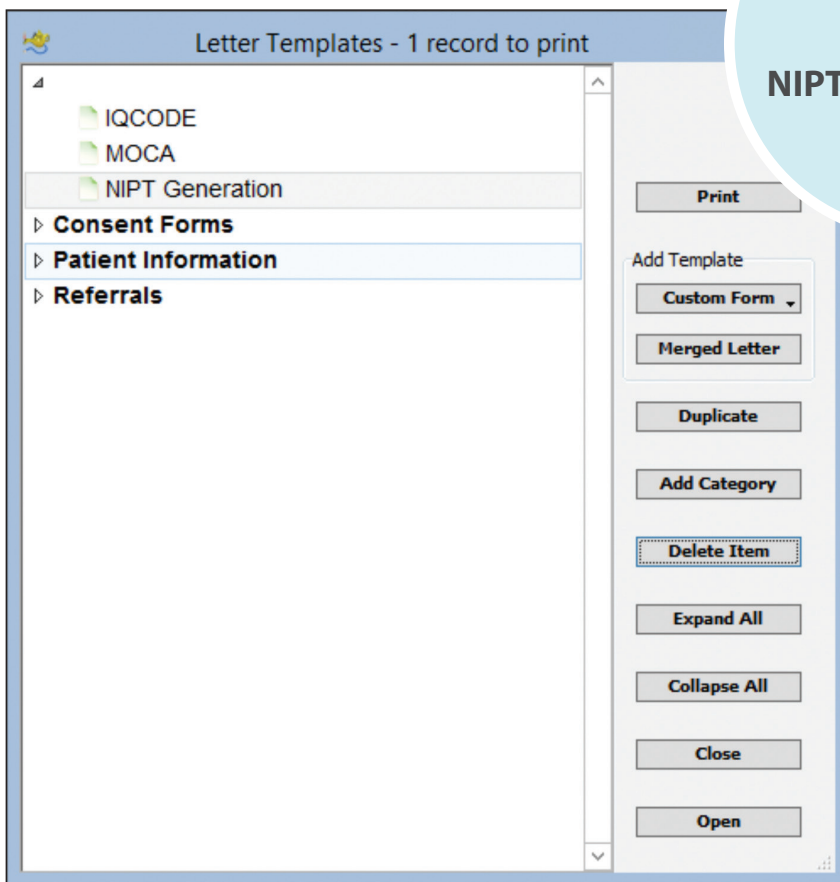

Step 2

Click
**Merged Letter
Icon**

Step 3

Select NIPT Generation then click Open.

Step 3

Select
**NIPT Generation >
Open**
